

Wet Location Light

Industrial Fluorescent Fixture is designed for low to medium mounting heights and is ideal for use in areas of dirt, dust, humidity and moisture. The fixture features a UV-stabilized, impact-resistant, clear prismatic polycarbonate lens in a fully gasketed housing.

- Acrylic housing is UL and wet-location listed
- Clear prismatic polycarbonate lens is UV stabilized and impact-resistant
- 2 stainless steel mounting brackets allow for flush mount
- Fully gasketed housing is sealed against dust, moisture, fumes and insects
- Uses two 32-Watt T8 fluorescent bulbs
- CUL listed to US and Canadian safety standards and wet location listed for covered ceiling applications
